

HARRIS DIGITAL LEARNING: WHO WE ARE AND WHAT WE OFFER

Harris Digital Learning proudly partners with CAOLA to deliver a comprehensive digital learning solution for grades 6–12. Our educator-designed, blended approach meets students where they are and supports meaningful, high-quality learning. Our full course catalog is available to all CAOLA partners interested in expanding their digital learning offerings.

Core and Elective eCourses

We provide eCourse content and delivery for more than 150 different core and elective courses, grades 6–12. We have approval for NCAA initial eligibility for many of our high school courses and Quality Matters (QM) Certification for many middle and high school courses.

Instructional Support Services

Our certified virtual teachers provide students with a fully supported learning environment complete with asynchronous instruction, individualized assessment feedback, and opportunities for personalized live instruction.

Dual Enrollment

We offer a dual enrollment program for districts looking to expand their course offerings and allow students to earn college credits while still in high school.

Career and Technical Education

Whether a student plans to enroll in college, enter the workforce, or hasn't yet determined their next step, our Career & Technical Education (CTE) courses provide the opportunity to explore career pathways through interactive and reflective course content.

What do CAOLA members like about working with Harris Digital Learning?

"We are currently part of consortium that allows us to access online course from four vendors. The majority of our students express that they like the Harris Digital Learning platform the most because it is the easiest to navigate." –David Peters, IU10

- Range of courses offered, including credit recovery and foundation
- Quality of instructional support services
- Consistency of instructional design
- Timely and helpful customer service
- Innovation with solutions like dual enrollment
